EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with A. Sidney Johnston on Friday, June 10, 2005.

The application has been amended as follows:

Claims 1-8, 11-19, 21-29, 31-38 and 40-48 have been cancelled.

3. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a method for striping packets across pipelines of processing engine within a network switch, the processing engine having a plurality of processors arrayed as pipeline rows and columns embedded between input and output buffer, each pipeline row including a context memory, comprising: organizing the context memory as a plurality of window buffers of a defined size; apportioning each packet into contexts corresponding to the defined size associated with each window buffer by, segmenting the packet into fixed sized contexts at the input buffer, sequentially passing the contexts to the clusters; and storing the fixed sized contexts in appropriate window buffers of the context memories; correlating each context with a relative position within the packet to thereby facilitate reassembly of the packet at the output buffer,

while obviating out-of-order issues involving the contexts of the packet; organizing the processors and context memory of each pipeline row as a cluster; changing the size of a fixed sized context at the context memory of a cluster ; deleting a portion of the context stored in the window buffer; and substituting the deleted portion of the context with information stored at another location of the context memory, as recited in independent claims 9, 20, 30 and 39.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
